My bad for putting the soil incorporation info in the wrong memo version on Thursday! Thank you Rebecca for finding it and copying it all over to the right version – the edits you all have made look good.

Ok, sounds good. I'm not going to finish my edits by COB today, so I'll hold off on sending for BC review. I'll send an invite around to discuss the PCTn memo with BCs (and will try to avoid Monday, but if that's the only option, I'll make sure you get notes).

And, thank you! I guess it's all aldicarb, all day today! 😊

Team:

I wanted to touch base before the end of the day because of compressed schedules over the next two business days. I can review the document before I leave tomorrow, if that is okay with all of you. My day off is Monday, so if you all are ready to send it to BCs tomorrow, that is one option. If you need more time, because I am out of the office on Monday, you all should feel free to send it then if that is when you reach a good place with it.

I just sent Debra an email to see who in OGC should see this. Perhaps it isn't Angela anymore...

Respectfully,
Rebecca

Thanks, Lindsey and Jeana!

I do not want to be in the way, so I thought that I would let you two coordinate where the current "working copy" should live. When you both decide, would you share the link?

I *seems* that you all are okay with the draft schedule that I sent around. If that is true, at **noon** today, I will send to BCs and seniors and mention that the analysts on this case agree on this timeline.

Thanks!
Rebecca

Hey Rebecca, thanks for coordinating this.

Heads up, I've been working in the memo Ex. 5 Deliberative Process (DP) and had to save a new version on the document: [Here's a link to the memo](#). The file is dated 02Dec2020. It's currently saved on my OneDrive, because I have no clue where we've saved previous versions. I am happy to move this file to SP, if we have a dedicated place?

Regarding the schedule, I'm on board with wrapping our edits by 12/15. I think sooner would be better if we can swing it, since there's pressure to get this signed and we'll have multiple holidays, (likely) early release days, and some adjusted compressed schedules between now and the week of Jan 4. (But I also recognize that Tuesday is a quick turnaround.) I agree that concurrent reviews by the BCs and OGC makes sense.

Subject: memo status

Hi Jeana and Lindsey,

Monisha will probably ask about the status of our PCTn memo when I meet with her for a generals meeting on Friday. I wanted to be "armed" with a plan and discuss it with you and come to a consensus before we share the details with seniors and BCs.

I could be wrong with these statements and please tell me if I am. For the memo:

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

I am fairly certain that BCs will suggest another round of review by OGC. We should plan on a week for that.

I am out of touch with the memo, so the schedule that I throw out below may not be anything reasonable given where we are in this quarter and that the holidays are “looming.” Please comment/edit on this schedule so that we can share with seniors and BCs ASAP.

Take care,
Rebecca
